## TRUTH TRIUMPHS

**El Paso Citizens Testify for the Public Benefit.**

A faithful statement of an El Paso citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ailment, use a tested kidney medicine.

An El Paso citizen tells of Doan's Kidney Pills.

"I can't get 'em up," and tape are the only cures most civilians know in the routine of daily duty in an army camp. These are only the top and bottom crusts of the pie of a soldier's life and the filling is made up of fatigue calls, mess calls, sick calls and water calls, and a dozen other calls.

Reveille is blown at 5:15 a. m. and is the most hated of all calls because it is the alarm clock of the army. Assembly call is sounded at 5:30 and breakfast call is at 5:45 a. m. Dinner call follows this at 7 o'clock and is all the worst impetus for it starts a round of daily duties that do not entirely cease until taps is blown at 11 o'clock. Sick call is at 7 o'clock and first sergeants have their private call at 11:30 a. m. Dinner call is a welcome one after the morning of drills and work. Water call is sounded at 4 o'clock, usually at 4:15, supper at 5 o'clock, which is entirely too early for westerners, and call at 5:30, assembly at 5:45, retreat at 5:55, when the colors are lowered, assembly at 6, tattoo at 9 p. m. call to quarters for all but the "shave leave" gang at 10:45 and taps at 11 o'clock, when the good soldier is supposed to be in the hay and ready for a night of snoozing.

**Finest Range Work.**

Major Charles E. Farnsworth, third battalion of the 16th infantry, recently made 143 points out of a possible 150 at various distances. He shot 200 yards Farnsworth made 49 out of 50 shots; at 200 yards he made 50 out of 50; at 400 yards he made 43 points out of 50.

Company H, of the 16th infantry, has nine expert riflemen, 18 sharpshooters, 25 marksmen, five first class and four second class riflemen. The company does not have a single unqualified man on its roster.

Capt. F. S. Bowen, who has been instructing the organized militia of California, is now in command of company D, 16th infantry.

Private Matthias Harris, of company D, 16th infantry, has been honorably discharged and has reenlisted as a sergeant in company E, of the same regiment. Corporal Fred Luttgen, of company R, was also honorably discharged. Private Ed Tingley, of group G, 13th cavalry, has been promoted to 2d corporal.

## SHABOOTH WILL BE OBSERVED AT JEWISH TEMPLE

Confirmation Service Will Commemorate Ancient "Feast of Weeks."

Special confirmation service will be held at Temple Mt. Sinai on Sunday. The service is a part of the observance of Shabouth, "The Feast of Weeks," also called "The Feast of First Fruits," falls according to the Jewish calendar, on the sixth of Sivan, which will occur this year on the 31st of May. Its name is derived from the seven weeks which elapsed between the departure of the Children of Israel from Egypt and their arrival at Mt. Sinai.

Like its companion holiday, the Feast of Passover, it too, has both an agricultural and a historical aspect. This was the early harvest season when the first of the wheat, baked in

two loaves of bread, was brought as an offering of gratitude, and as a token of man's dependence upon the goodness of God.

**Impresses Child.**

Shabouth has gained a stronger and more impressive hold today by uniting its symbolism about the impressionable child. "Confirmation" is the ceremony expressive of religious consecration. It teaches, first of all, that religion, as a necessity of life, is the actualizing motive and sanction of personal, social and national character. Secondly, it champions the cause of religious freedom as the most highly prized privilege and possession of the human race.

The following is the order of the service:

Opening hymn, Psalm 109, temple choir.

Service, prayer book, pp. 166-172; 186-188; 195-201.

Qartet, "Holy, Holy, Holy," Gounod, temple choir.

## WILL BE TWO YEARS BEFORE CORONATION

On Account of Death of Japanese Dowager Empress of Japan Ceremony Has Been Deferred.

Tokio, Japan, May 27.—Although it is nearly two years since the death of the emperor Meiji, it will be another two years before his successor, the emperor Yoshihito, is fully enthroned, according to all the Japanese rites. The postponement of the coronation festivities, which had been arranged for the coming fall, is lamented by the whole Japanese people, but the death of the dowager empress necessitates a long period of national mourning and it is a sacrilegious thing to move the coronation ceremony the seed of rice that has been ripened during a season of sorrow.

A part of the coronation ritual had been observed prior to the death of the empress dowager, however. The imperial ancestors had been duly notified that the coronation was planned for the coming fall, and upon the death of the dowager empress, the ancestors were again visited at their various shrines and notified that the coronation would be deferred until 1915.

In Tokio, the emperor himself made the announcement before the imperial sanctuary in the palace.

## MEXICANS FOUND GUILTY OF MURDER

Agustito Garcia and Antonio Andradia Must Serve 25 Years in Prison for Killing of Teodosio Saldivar.

Convicted of the murder of Teodosio Saldivar on the night of April 27, Agustito Garcia and Antonio Andradia must each serve 25 years in the state penitentiary. That was the verdict of a jury of the 24th district court returned at 10 o'clock Tuesday night. The jury had only been out an hour when the verdict was agreed on.

Saldivar was a Mexican merchant, conducting a store at the corner of Ninth and Stanton streets.

In addition to the two defendants who were convicted, Victor Gutierrez, the third man arrested shortly after the killing, is scheduled to be arraigned for trial on June 8.

## MR. RAILROADER

### Are You a Man of Foresight?

Some few years ago the Pierson Syndicate announced their intentions of locating a woodworking plant and box factory at El Paso.

### The Foresighted Man Opened His Eyes

Four years ago it was rumored that the El Paso Milling Company's great plant would be located in the southern section of the city along the river front.

### The Foresighted El Pasoan then Sat Up and Took Notice

Shortly after it was announced that the aforementioned site had been purchased by the company and work on their big structures would commence immediately.

### The Foresighted El Pasoan bought all the property in the vicinity of the company's holdings that his savings would buy.

In 1912 the plant was put into operation and hundreds of men were employed in different lines of work. Lots which had been selling at from \$150 to \$200 per lot a short time before were then eagerly purchased at from \$500 to \$750 per lot.

And now even the dullest can see what an opportunity they have missed. Now the man of hindsight sees what the man of foresight saw years ago.

Seven years ago the G. H. & S. A. Railway Company purchased from individuals over 200 acres of land at

Phone 803 for motor and see Alfalfa, El Paso's Railroad Suburb. Lots 50 foot frontage, \$150 and up, \$10 cash and \$10 per month.

**Tobin Real Estate Co. Sole Agents**

Alfalfa Switch, 5 miles east of the post office at El Paso, with the avowed purpose of erecting new shops and yards. The Ascarate Grant Land Company, who had a prior right to the property, immediately filed suit against the railroad company to try title for same, thus delaying the railroad from completing their plans.

### The Foresighted El Pasoan Opened His Eyes

Three months ago after repeated efforts both by the railroad and Ascarate Co. the case was brought to trial, a compromise was reached and the railroad was given full title to their property.

### The Foresighted El Pasoan Began to Investigate and Get Busy.

A few weeks ago the information was given out indirectly through official channels that the long expected moving of the G. H. & S. A. shops and yards to Alfalfa was about to take place.

### The Foresighted El Pasoan has been busy buying every inch of land in the vicinity of Alfalfa that his capital would allow.

In a short time a thriving town will appear where there is now only a scattered suburban population. Property which the public has had an opportunity to watch for years will throb and pulse with life and action. Real estate values will double and treble almost over night.

At that time the foresighted El Pasoan will reap his harvest. At that time the dullest will see what the foresighted man saw years ago.
